GRAY MATTER

1995

Bowman Gray School of
Medicine
Wake Forest University

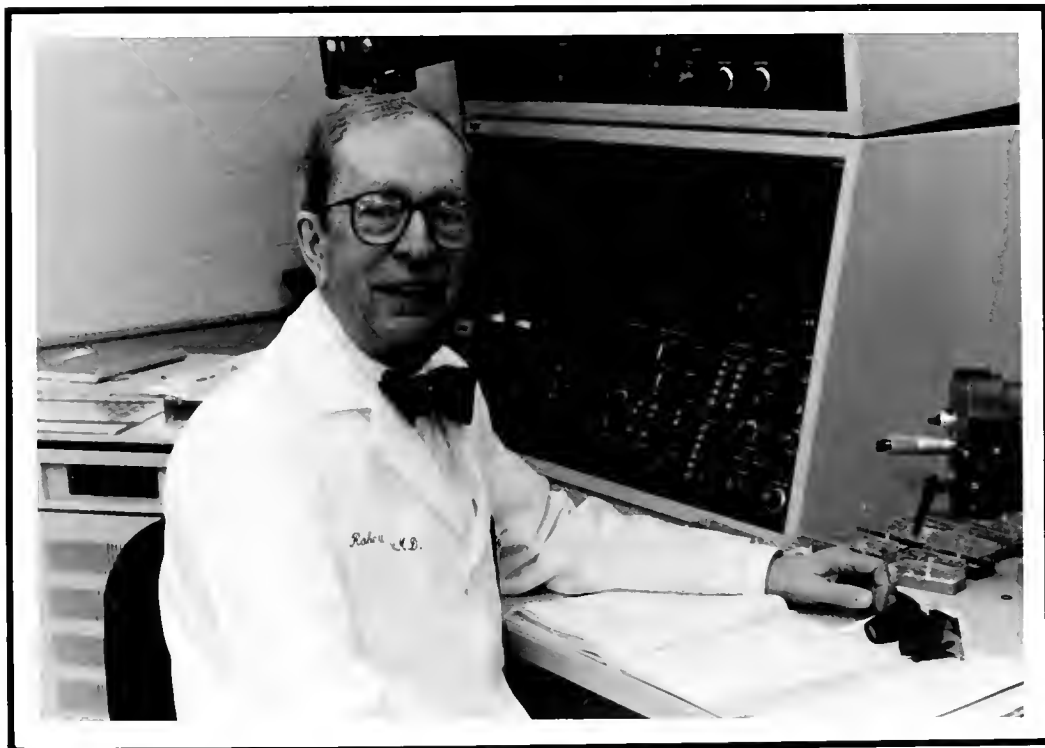

An anatomical illustration of a man's muscular system, shown from the side. The man is standing on a rocky surface, reaching up with his right arm towards a branch with leaves. His left arm is extended downwards, holding the branch. The illustration is highly detailed, showing individual muscles and their connections to the skeleton. The man is barefoot and has a serious expression. The background is a simple landscape with a rocky outcrop on the left and a small tree branch.

In Memory of
Robert W. Prichard, M.D.
1923-1995

Professor and Chairman, Department of
Pathology

In January 1995 we said goodbye to an admired and beloved friend, colleague, and mentor. Those who had the opportunity to know Robert W. Prichard will sadly miss not only his presence and his teaching, but also his unmistakable style, inquisitiveness, grace and wit. His greatest memorials will be the minds he shaped and the life work of the many Pathology residents and medical students whose training he oversaw. We will forever carry his spirit in our hearts.

Following medical school at George Washington University and residency training in Washington, D.C., Boston, and Philadelphia, Dr. Prichard joined the faculty of the Department of Pathology at Bowman Gray in 1951 and became its chairman in 1973. He was intensely involved in medical education during the 44 years he gave to our institution, and was honored by the student body as the recipient of the Basic Science Teaching Award (four times), the Teaching Excellence Award, and Student A.M.A. "Golden Apple" Award, and the *Gray Matter* dedication (twice). He considered medical teaching to be both a privilege and a duty, and perhaps his proudest accomplishment was such recognition and appreciation by his pupils.

His profuse contributions to atherosclerosis research, most recently a 1994 paper in *JAMA*, span 35 years of authorship. In addition to this expertise, and many publications in hematology, immunohematology, and other areas of anatomic pathology and laboratory medicine, he was a recognized scholar of medical history. He was the editor of the *North Carolina Medical Journal* for eleven years (1963-1974), and was actively involved at the highest level in national organizations ranging from the American Board of Pathology to the National Board of Medical Examiners.

Words cannot encompass all that Robert W. Prichard was to our medical school, our profession, or to us as individuals. He was a dedicated family man and a tireless, humble servant of his university, community, and church. We thank his family for sharing his time and wide-ranging talents with us, and we mourn the passing of a man whose broad scientific and clinical shoulders we all now stand upon.

In Memoriam . . .

On April 22, 1994, the medical center was devastated by the loss of four of its AirCare crew members. Despite this horrible tragedy, AirCare continues to fly as many as 950 flights per year to help save the lives of others. Those who were lost will never be forgotten.

*The 1995 Gray Matter
is dedicated with
sincere
appreciation to:
June G. May
Ed.D.*

**Registrar and Coordinator
of Undergraduate Medical
Education**

June May has made many contributions to the students at Bowman Gray. She coordinates the Dean's letters of fourth year students and is involved in the supervision of the National Residents Matching Program. She is the planner and coordinator of orientation programs, Fall Convocation, as well as the graduation programs and ceremonies. June May is responsible for the production of the Student Handbook, Student Directory, Rollbook, and Fourth Year Elective Book. In addition to all of these responsibilities, she is also available for personal, academic, and career counseling for all students and is the advisor for student activities including the yearbook.

Before settling at Bowman Gray, Dr. May spent several years as an educator in the public school systems in Maryland and South Carolina. She worked with learning disabled students after receiving her Master of Educa-

tion from the University of Texas in Houston, Texas. She later returned to the University of Houston where she received her Doctor of Education in 1962. June May has been the Registrar and Coordinator of Undergraduate Medical Education at The Bowman Gray School of Medicine since 1983.

June May has three children: Jennifer, Stephen, and Julia and two grandchildren: Jonathon and Holly. In her spare time, she enjoys spending time with her family and flower gardening. She also enjoys spending time with her eleven year old dog, Harry.

The 1995 Gray Matter is proudly dedicated to June May with sincere appreciation for her endeavors to help the students at Bowman Gray reach their goals and obtain their medical degree.

For Outstanding Service to the Senior Class

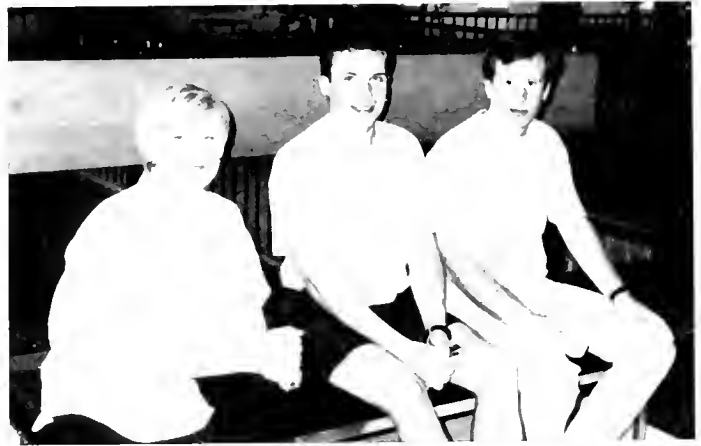

Lynn Snyder

Lynn Snyder has worked in the Office of Student Affairs for over fifteen years. She has always been available to assist the students at Bowman Gray, and she always has a smile on her face. She has helped numerous seniors meet their residency application deadlines and helped seniors enter their match lists. She even helped with the 1995 Gray Matter in her "spare time".

Lynn is a native of Winston-Salem. She is married and has two children. She has a son, Michael, and a daughter, Lori. She is very energetic and participates in the local Parent Teacher Association, as well as her church. In her time away from Student Affairs, she enjoys camping with her family and taking ski trips (although rumor has it that she sits by the fire in the ski lodge while the rest of her family skis!)

The Class of 1995 would like to express its sincere appreciation to Lynn Snyder for all of her assistance.

Folks We Just Couldn't Do Without

Say Ah!

Say Ah! is an all women's a capella group currently made of ten members, mostly first and second year medical students. The group was formed last spring after an initial a capella interest meeting for both men and women. There was such a large turnout that day that they decided to form separate men's and women's groups — giving rise to the *Ultrasounds* and the *Say Ah!* Since that time, the group has accumulated a wide variety of selections, including "Boogie Woogie Bugle Boy", "My Guy", "Lollipop", "Fire" by Bruce Springsteen, "Java Jive" by Manhattan Transfer, and "Sanctus", a religious piece in Latin. The group has performed for other students, faculty, alumni, and the community.

Their most meaningful experiences have undoubtedly come from singing to patients in the hospital. The women recall a special time in particular when one of the patients stood in his doorway and cried as he listened to their Christmas carols. They realize that by uplifting others with their energy and song, they too are uplifted in return.

Needless to say, reaction to the group has been overwhelmingly positive in their first year. They look forward to keeping the singing tradition going with the introduc-

tion of new members next year.

Members: Kris Powell (MSII), Mindi Peterson (MSII), Lara Teal (MSII), Melanie Parham (MSII), Debbie Fantz (MSII), Becky Foster (MSII), Jennifer Brown (MSI), Claire Southern (MSI), Serena Hung (MSI), and Amy Ammons.

Members: *Tenor I* (Kyle Garner and Keith Nelson), *Tenor II* (Neil Brown, Eric Gratiass, Darin Kennedy, and David Thomas), *Baritone* (Ernie de la Torre, Eugene Kim, Rob Paynter, and Chuck Williams), and *Bass* (David Ferriss, Brent Myers, Daryl Rosenbaum, and Dennis Stull).

Ultrasounds

The *Ultrasounds* is a men's a capella singing group made up of Bowman Gray medical students. The group was founded in February, 1994, and currently has a membership of fourteen first and second year students. The purposes of this group are to provide entertainment to patients and members of the community, and to give medical students an outlet for their musical interests and talents.

The *Ultrasounds* have had a wide variety of performances since the group's formation. In addition to many "strolling concerts" on the halls of NCBH, the *Ultrasounds* have performed for the following: a Foster Parents Association Christmas party, the BGSM Alumni Weekend Dinner Dance Gala, an a capella invitational concert at N.C. State University, a nursing home's Grandparent's Day celebration, and several other events. The group is also committed to maintaining a varied musical repertoire. Some examples of songs performed by the group are: "Ride the Chariot" (a spiritual), "Still Haven't Found What I'm Looking For" (rock), "The Lion Sleeps Tonight" (jungle sound), and "Streets of Philadelphia" (from the movie *Philadelphia*).

The *Ultrasounds* are always on the lookout for new opportunities to sing. If you are interested in having them perform, call the Office of Student Affairs to find out how to contact the group.

Department of Pastoral Care

Our hospital chaplains come from many faiths and respond to persons of any, or no, faith group. They are here to help anyone in the Medical Center with emotional concerns and spiritual questions. They are also available to pray with patients, patients' families, and Medical center staff; administer sacraments; read and discuss scripture; and help patients or patients' families get in touch with clergy of their own. Support group leadership is another Pastoral Care ministry.

Our chaplaincy offices are in Watlington Hall, just off the main foyer. Office hours are 8:00 am - 5:00 pm Monday through Friday, and the telephone number is 716-4745. A chaplain is on call 24 hours a day. The on-call chaplain can be reached by way of the page operator, 716-4881.

Pastoral Care chaplains hold worship services in beautiful Davis Memorial Chapel on Mondays, Wednesdays, and Fridays from 12:45 till 1:00 pm., and on Sunday mornings from 9:30 till 10:00 am. They also maintain a prayer line on Audix. The number is 716-6855.

Davis Chapel is in the Gray Building. Its brick exterior forms one of the walls of the entrance court to Watlington Hall and can be seen from the main foyer. The chapel is

always open for meditation and prayer.

Our chaplains are certified by the Association for Clinical Pastoral Education and other national chaplaincy associations, and our faculty conducts several programs of Clinical Pastoral Education each year. CPE, as it is usually known, was the ground-breaking concept that Dr. Richard Young brought to Baptist Hospital almost fifty years ago. It is a carefully supervised program of intensive training in counseling and other therapeutic skills for ministers and others who help persons with their emotional and spiritual growth.

Faculty:

Chaplain Sharon R. Engebretson, M. Div., Director
Chaplain George W. Bowman, III, Th.M.
Chaplain J. Maurice Briggs, M.A.
Chaplain Jay D. Foster, M. Div.
Chaplain Mark E. Jensen, Ph.D.
Chaplain Jane S. Litzinger, M.A.

Supervisory Residents:

Chaplain William R. DeLong, D. Min.
Chaplain Anna M. Nobeck, M. Div.
Chaplain John J. Takacs, Jr., M. Div.

Tokai Exchange Program

Rieko Machii

Junzo Hobo

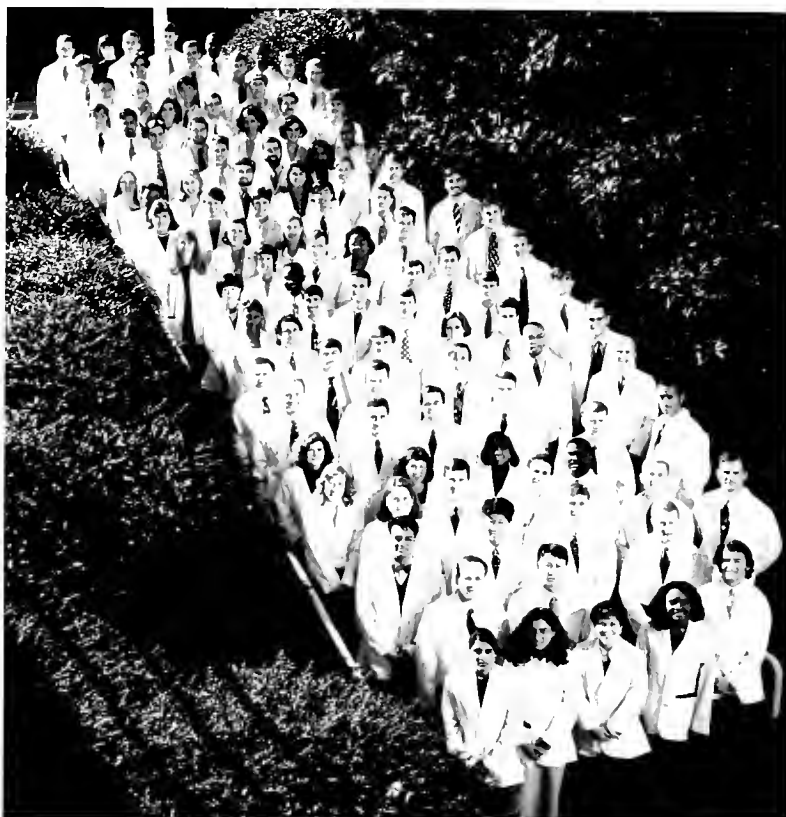

The Tokai foreign exchange program started in 1990, and Kanevuki Matsuo was the first Japanese medical student to come to Bowman Gray as a participant in this program. Tokai University is a private school in Japan and the medical school is part of the University. Japanese students spend six months at Bowman Gray while Bowman Gray students spend two to four months at Tokai. Since the program started in 1990, Bowman Gray has had ten exchange students from Japan. Anyone interested in participating in this program may speak with Dean Adams in the Office of Student Affairs. A knowledge of the Japanese language is not necessary.

FALL CONVOCATION

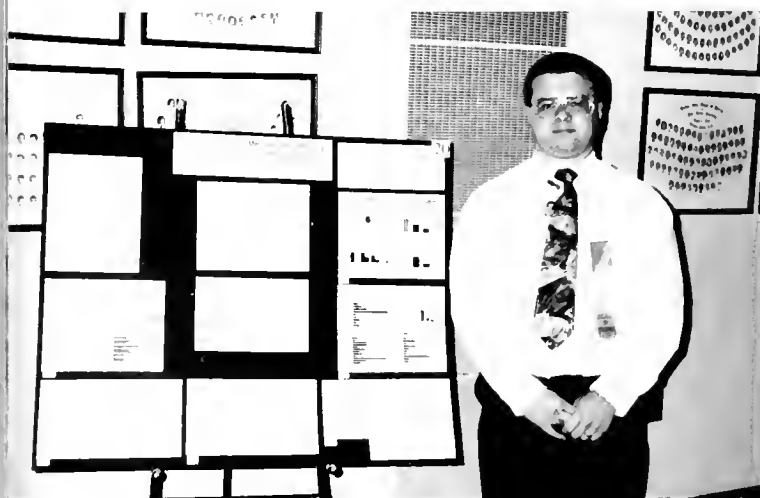

Class of 1997

Medical Student Research Day

Winners (left to right): Debbie Warren, Deborah Fantz, and Laura Giordano.

In the fall of 1994, the tenth annual Medical Student Research Day was held. This event affords medical students an arena in which to display and discuss their projects. Each participant must prepare a poster outlining his/her research methods and results. The winners for 1994 were: Laura Giordano, MS II — 1st place, Debbie Warren, MS III — 2nd place, and Deborah Fantz, MS II — 3rd place. Congratulations ladies!

The Class of 1995

Physician's Oath

*Now being admitted to the profession of medicine,
I solemnly pledge to consecrate my life to the service of humanity.*

I will give respect and gratitude to my deserving teachers.

I will practice medicine with conscience and dignity.

The health and life of my patients will be my first consideration.

I will hold in confidence all that my patient confides in me.

I will maintain the honor and the noble traditions of the medical profession.

My colleagues will be as my family.

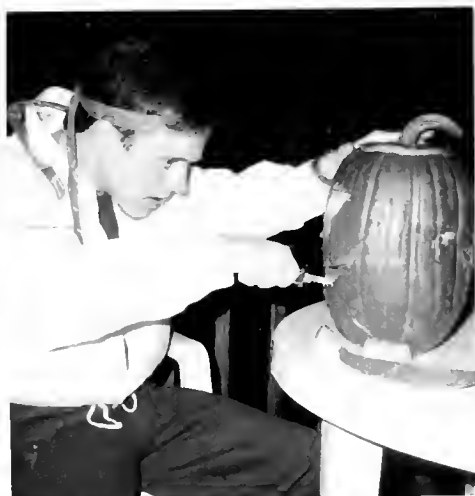

I will allow no considerations to intervene between my duty and my patient.

I will maintain the utmost respect for human life.

I will, under all circumstances, use my knowledge in the service of humanity.

These promises I make freely and upon my honor.

Medical Alumni Association

The Medical Alumni Association provides many services to the students at Bowman Gray. One of these services starts before new first year students arrive! The Student Identification and Recruitment Committee sponsored by MAA calls students accepted at Bowman Gray and answers questions regarding medical school, financial aid, and life in Winston-Salem. The MAA also provides tickets to the symphony, The Little Theater, the Shakespeare Festival, and the Nutcracker Ballet. In addition, the MAA provides refreshments for students taking Board exams and they provide a wonderful dinner following Boards Part I and II. For the weary third year students, the MAA provides patient lab cards and telephone cards. Parents Weekend is also sponsored by the MAA. The members of this year's MAA are Terri Welfare, Donna Sizemore, Diane Garrett, and Tracy Simpson. The 1995 Gray Matter staff would like to express our sincere appreciation to the MAA for all of their services for the students at Bowman Gray.

new where I was going at an early age

Congratulations Amy, you have made us very proud. Love, Mom, Dad, & Heather

On the way to Bowman Gray!

You have been a delight and joy to us through the years. Congratulations, Ernie, on achieving your goal. May God bless your endeavors. Love, Mom, Dad, Angel, Jaime & Kenny

I can do that too — now

Dear Mike — Thanks for making us all so proud. Your loving family.

Service to God, country, and others

Steve, congratulations on a job well done! You have persevered and completed where others have not tried or failed. Your life now, as always, will be spent in helping others, but now you have new skills. From a builder of physical structures to a physician of the body, mind and well-being, you have run a good race and won the prize.

Congratulations Jerald! You are very special to us. Your God-given intelligence, talents, determination, and positive outlook have given you the ability to succeed in meeting your goals. We trust you will always be sensitive to the needs of mankind. With our love, prayers, and best wishes, Mom & Dad

Looking to the future

Can't begin to tell you how proud we are of you on your graduation from B.C.S.M. It's a dream come true! We are so fortunate to be your parents. Congratulations, Doctor, and may the best that life has to offer come your way. Love never ends, Mom&Dad.

Tammie and Mark

The joy and pride we feel today can only be surpassed by our love for you. May your life be filled with happiness and success. You have earned it! Love, Mom, Dad, Frank, Teresa, Nanna, Daddy Gene

May your long hours of study and years of hard work bring blessing to many. Congratulations and best wishes. Mom & Dad

Wow, another graduation!

The Medical Alumni Association of
The Bowman Gray School of Medicine of Wake Forest University

Doctor Doctor

You've surpassed my wildest dreams and expectations. I am so proud of you.

Love to Baby Ann from Mom — E.

When asked your telephone number at your first grade admission interview, you said, "I don't know my telephone number. I never call myself." You have always been my pride and joy.

Love, Bumpy

Ann Thomas Sutton, D.V.M., M.D.

You made it!

Congratulations Thomas! Love Mom, Dad, Stewart, William, and Abby.

KIMBERLY ANNE MORGAN

You have shown that hard work, perseverance and personal sacrifice are what dreams are made of. We couldn't be more proud! With much love, Mom, Dad, & Melanie

May your love of God, of self, of family, and of life bring you happiness as you pursue your profession in serving others. Congratulations and love always, Mom, Dad, & Loren!!

A doctor? Me?!

There is no praise high enough for what you have been able to accomplish in your life, especially since you have done this by yourself and with the help of your wife, Tricia. We are so very proud of you Gary! Congratulations from Mom and Dad.

Congratulations David! Love Mom, Dad, Joana, Emily, and John.

Wake me when the patient arrives!

Dr. Andrew Hayward Lundberg — All the hard work and long hours — it was worth it! We're proud of you. Love from your family — Mom, Greg, & Mariah

We are very proud of you Katherine, and wish you continued success in the future. Your inquisitive and analytical mind should have lots to do in Pathology. We hope your future will be challenging and enjoyable. Love from all of your family.

Ted and Quynn Gingrich

"I have chosen you and ordained you, Go and bring forth fruit"

— John 15:16
Four years behind you, forty years before you. Always remember, medicine is more than an occupation or a profession — it is a calling! We are proud of both of you. Love Mom and Dad Gingrich

Congratulations, Dr Jeffrey Yu! We knew you could do it and we are so proud of you for your unique achievement.

"To boldly go where no Yu has gone before!"

Jana's Dad — Bob Kuss

We all love you and are extremely proud of you for reaching this very significant milestone. The qualities that you have demonstrated will continue to serve you well as you proceed on the journey to being a doctor.

Stethoscope, please!

Congratulations Amy! We're very proud of you and all of your achievements. Love Mom and Dad

I was proud of you then. I'm proud of you now And I've been proud of you every step in between. Congratulations, Dr McNeil. Love, Mom

Philip J. Passalacqua, M.D.

What a wonderful and familiar ring. We are proud of you and all your achievements. Much success to you and the class of '95. Love Mom & Dad

Murtaza Cassoobhoy

Congratulations, we are very proud of what you have achieved. Wishing you success and happiness. We love you, Mom & Dad

You believed! We believed in you!

Congratulations for your accomplishments and your hard work, too. Son, we are very proud of you! May your future be filled with good health and the happiness you deserve. Love you, Mom and Dad

Richard — our son the doctor
Good work and God speed

In honor, in memory

Congratulations! Besides loving you, I admire and respect you for what you have accomplished, but mostly for the person that you are. I'm thankful that your Dad (Papa) got to see you well on your way to becoming a doctor. I believe he is still watching over you with love and pride, just as I am. God go with you everywhere you go. I love you so very much. Mom

THE CLASS OF 1996

CONGRATULATES

THE CLASS OF 1995

WE WISH YOU A LIFETIME OF HAPPINESS AND
SUCCESS!

CLASS OF

1995

gratefully acknowledges the support of
our families and friends, the
administration
and faculty and the Alumni Association.

We couldn't have done it without you!

As a youngster, you delivered newspapers. As a young man, you deliver babies. You are a unique and special individual who at any age has made your parents proud as you conquered the struggles and challenges into a promising and wonderful future. May you receive God's blessings. May your faith and knowledge grow. And may your life in medicine hold all the joy a child of God can know.

To Asbasia, our beloved daughter and sister, we are so proud of your great accomplishment, and we congratulate you on a job well done! We wish you great success, but more importantly, true happiness always. May God bless you and guide your life, giving you the best as you deserve. With great and unfailing love, Mom, Dad, & Albert

Congratulations, may the Force be with you! Love Mom & Dad

Achieve your goals first, then deal with the obstacles

Congratulations Wendy! The entire family wishes you all the best in the future. You have come a long way. Lots of success, happiness, strength, and good health. Remember the past so that you can have a successful future. Love, your family

The larval form of a flea

Your entire family, except Uncle Jackie, is proud of you!

Smile Laura, Smile!

To the last of the Concord Seven — we're proud of you, Laura! THE ROSS CLAN: Betsy, Tommy, Leslie, Walter, Becky, and David

Congratulations Art! We are very proud of you. Good luck and much love. Mom, Dad, & Alex

David at eight

Congratulations Big Dave! We are proud of you. We knew you could do it. Love Mom, Dad, Sharon, Mike, Jim, Tracy, Kim, & Grandmama.

Daddy's little princess

As you go through life, We hope you realize that someone like you, who's faced challenges and solved problems before, will continue this philosophy throughout your career and life itself. Congratulations on your outstanding accomplishments. We are very proud of you. Mom & Dad

Congratulations! We are very proud of you. It's hard to believe that you are now Dr. Lisanne. It went by so fast. Good luck, you finally did it! Mom & Dad

Mike was still undecided about a career in medicine until age 3!

Congratulations Michael on a job well done. We wish both you and Janie our very best now and always. Love, Mom & Dad

On your 4th birthday, you gave up your lifelong ambition to be a fireman — "It's too dangerous!" Your choice of a career in medicine has shown us that you have learned the meaning of hard work, you have great fortitude, you care about your fellow human beings, and you plan to make a positive contribution to society. We are so proud of you. Love, your family

GO get em, Gump

Congratulations from Mom, Dad, Maribeth, & Kelly "If you have built castles in the air, your work need not be lost: that is where they should be. Now put the foundations under them." Thoreau

TODD REULBACH

Who's that behind those Foster Grants? Why it's Doc Reulbach, who continues to make us proud with every passing year. Todd, with your fun-loving, down-to-earth personality and drive to always do your best, we know you will be the best ENT Dr. ever. Love, Mom & Dad

"Those who hope in the Lord will renew their strength. They will soar on wings like eagles"

Craig, we are so proud of you! Your hard work and dedication over the years have been an inspiration to many. You and Julie are a wonderful couple. We know you will be a blessing to those you have chosen to serve.

"Go with God, let Jesus lead the way." These special and familiar words come to you from Grandma and Grandpa Lehner who gave their love and support to you, Matt, in your journey to this day. Congratulations, Matt, and in the busy days ahead, remember the love and prayers of your family go with you. Mom, Tom, Ben, Nancy & Paul Kaitlin and Jonathan

Eric in a relaxed moment

It is with such joy, great pride, and deepest love, as always, that we congratulate and honor you, Eric. You've worked long and hard to reach your goal. We know your future is bright and that the care and concern you have always had for others will make you an outstanding physician. Love, Mom & Dad

Jana in first grade

If love could flow from my pen in words, I would not have such difficulty writing this now. I can only imagine the work, worry, agony and joy that have carried you through the last four years. I do know, however, the work, worry, agony and joy of being your mother. In looking through my pictures of you to choose one for this book, emotions flooded over me at the memories of your life as it has touched mine. We have shared much pain, sorrow, and love. I feel privileged to share in the joy of your tremendous accomplishment in becoming a physician, and truly feel that "congratulations" is too small a word. Much love, Mom

Susan studying for the Boards

Susan, you should be very proud of yourself as you have accomplished a significant set of goals through your aplomb and professionalism. You are about to embark into the real world and establish another set of goals that will be as difficult and rewarding as the ones you have completed. "Dr. Ott" we salute you, love you and wish you the very best throughout your life and we will be there when you need us. "Take an advil and call me in 30 days". Mom and Dad

We always knew you were special. Since you were young, your dream was to be a Dr. — Congratulations Dr. Clark! Your family is very proud of your achievement and we wish you happiness and the best in life. Love, Mom & Dad

"Commit thy works to the Lord . . . Prov. 16:3

No more burning the midnight oil, a brief respite amidst the toil. No more instructors, classrooms, tests; you've worked hard & done your best. So we send this message to you, of love, joy, & congratulations, too! Your loving family, Malcolm & Helen Booker

To desire is to obtain; to aspire is to achieve

Congratulations, Lisa. We are so proud of you. Through your perseverance, hard work, and patience, you have accomplished many things. Remember, the vision you glorify in your mind, the ideal you treasure in your heart — this you will build your life by, and this you will become. Love, Mom & Dad

Best friends — Brothers

Congratulations Son! It is an honor for you to be the first Doctor in the family. We trust the Lord will use you mightily for his glory. The training you have received and the accomplishments you have attained made us a couple of very thankful parents. "Delight thyself also in the Lord; and He shall give thee the desires of thine heart". Love, Dad & Mom

Jessica with a handicapped child in Matheny Hospital

Your love and compassion for the handicapped and poor took you to the remote village in Kenya to work in a Hospital. Now that you are a Doctor, be loving and caring all the more. We are proud of your achievements as a medical student and as a Christian. We love you.

CHAD HOWARD

Congratulations and best wishes for a job well done. We are very proud of you. Love, Mom, Dad, Ron, & Grandma

Joe the mahout in Kerala

You have been a compassionate, loving child and grew up to be a fine Doctor, but please keep up with your love and compassion for the needy the Lord is going to place in your path. We are proud of your accomplishments as a medic, as a Christian and as a musician.

LIKE FATHER, LIKE DAUGHTER!

At an early age you wrote a poem entitled "Dreams." You have certainly fulfilled one of our dreams, and that is seeing you happy and satisfied with your life's direction. Remember the words of another wise lady, "keep a song in your heart." We love you, Julie. Mom and Daddy

Congratulations to the Class of 1995 from the Class of 1998
